

4th EFS Sea Scouts Chief Scout Gold Award Programme

Year Three

In this their final year Scouts should have completed most elements of the award through their attendance at Thursday evening meeting and completing all the independent work. Their progress can be viewed on OSM.

Scouts will also usually need to complete the most difficult elements of the Challenge Awards (although some of these may have been completed during their second year with the troop). Scouts will be invited to take part in a number of additional activities to help them complete the award. These are:

- an Environmental project;
- they will be set a personal challenge by the leaders;
- as PLs or APLs they will undertake a number of team leader activities.

All Scouts will be given an individual development plan for this year to help them complete the award where this is possible. This letter therefore may not reflect your Scout's exact circumstances.

Chief Scout Gold Award Programme

The full details of the award requirements can be found on the main Scouts website www.scouts.org.uk and also on the 4th EFS website (see links in covering email).

This letter will be followed up with an individual development plan which will set out exactly which activities are left to complete. Please speak to a leader if there are any problems preventing these activities from being completed.

At this point we expect Scouts to be proactive about completing the outstanding elements of the award. We will assist as far as possible but it may not be possible to provide all the opportunities required in cases where significant elements are still outstanding.
